Within the first 90 days of Hurricane Katrina, ESF-10 had obligated approximately \$ 198,000,000 in total funding (EPA and USCG)...

Considering the severity of the damage to this point, we feel the number above would can be used as an approximation...

That number could be lowered in the future, due to the capabilities of the State of Texas, cost share, and other factors...

FYSA.

This is the 90-days out planning request we talked about Steve. FEMA wants a 90-days out MA expected cost estimate.

**Subject:** Mission Assignment

Good Afternoon ESF,

Per our OCFO, we need a 90 day projection on how much you need on your MA's. Please provide this information at your earliest convenience.

*Respectfully,*

Mission Assignment Unit Leader
